THE ROVER

By Aphra Behn

The University of Miami's Jerry Herman Ring Theatre presents
The Rover by Aphra Behn

March 1st, 2023 - March 10th, 2023

Three young women seeking liberation abandon their conventional lives. Three passionate cavaliers wander in exile. Their meet-cutes at a non-stop party filled with music, masked revelry, and scandal leave all struggling to find true love and define identity in an uncertain world. With the publication of her hit rom-com in 1677, Aphra Behn, poet, translator, and political spy, became the first professional female playwright in the English language and an early voice for feminism. Bringing this classic piece to a fresh, contemporary setting highlights the staying power of this remarkably modern work.
